[Patrick Bayou - Submittal of RTC on Draft Feasibility Study \(3-11-15\).pdf](#)

All,

Thanks to all of you for agreeing to participate in the peer review for the Patrick Bayou Superfund site. The purpose of this review is for the draft Feasibility Study that has been submitted and reviewed by the EPA and TCEQ.

This peer review is just to ensure that another review team has provided another "level" of review with a "fresh set of eyes".

It is very important that all the recipients of this e-mail can attend a short meeting to discuss this document. Therefore, I am proposing several dates, so that I can determine a specific date and time that will work for us all. Please let me know if March 31st, April 1st or 2nd will work. Also, as a contingency, April 7, 8, or 9.

I am enclosing the draft FS; and the PRP responses to EPA and TCEQ comments.

Thanks Again,

Phi Allen
